

“Don’t Be Scared”

I’m holding on to what I have of you
It’s barely your hand and maybe a picture or two
But somehow I know what I have to do to see you through

The hardest part of leaving is letting go
Saying your goodbyes, reliving your hellos
At least in this moment know you’re not alone
We are here

I’ll be the strong one now
And I won’t tell anyone I swear
Maybe we’ll see each other there
Don’t be scared

Little time left yet you have forever
Thank you for waiting until we were all together
Believe past this pain it will get better
You’ll be free

I’ll be the strong one now
And I won’t tell anyone I swear
Maybe we’ll see each other there
Don’t be scared

It won’t be so bad I promise

I will hold you till you sleep
And awake in gentle dream

I won’t tell anyone I swear
Maybe we’ll see each other there
Don’t be scared
